Forward
By Mike Costello

The Florida West Coast Chapter (FWC) of ASHRAE is pleased to present this year’s “Membership Roster and Product Directory of Manufacturers and their Representatives”. This document is an accumulation of efforts by many people, and although we feel it is complete and accurate at the time it went to print, it is a continuing effort to keep pace with the changes generated by such a large membership. To help make your Roster and Product Directory as accurate and functional as possible, it is very important that members keep their membership updated using the “Update Bio” section on www.ashrae.org. It’s up to you, its members, to keep ASHRAE up to date.

For questions on how to do this or if you do not access ASHRAE via the web, please feel free to reach me at the contact indicated in the bottom left hand corner on this page. The Board Members of the Florida West Coast Chapter and I truly hope you find this document of value and use it frequently!

Please note: Only Florida West Coast Chapter dues paying members and their firms are included in this document. You can be a member of ASHRAE and not a member of the Florida West Coast Chapter. Chapter dues are $30. Please contact me about paying your chapter dues and getting included in future editions of this roster!

This Roster and Product Directory of Manufacturers and their Representatives has been prepared by the Florida West Coast Chapter of ASHRAE as a service to its members. This document is not to be construed as advertisement or endorsement of any product or manufacturer by ASHRAE. The information that follows is furnished by the representatives listed, and is edited to give as much conformity to the basic information as possible. The Florida West Coast Chapter is not responsible for errors or inaccuracies that might occur (the information listed is as it is reported to ASHRAE via the Master Member Database based on Membership renewal and change information). This document was prepared for and by ASHRAE members.
Objectives of ASHRAE

ASHRAE advances the arts and sciences of heating, ventilation, air conditioning and refrigeration to serve humanity and promote a sustainable world. Membership is open to any person associated with the field including indoor air quality, building design and operation, and environmental control for food processing and industry, by...

1. Stimulating technological progress for the good of mankind.
2. Maintaining a high professional standing among its members.
3. Encouraging the Continuing Education and professional advancement of its members.
4. Providing Educational Opportunities through its publications, research, seminars, chapter scholarships and national, chapter and regional meetings.
5. Conducting a program of basic and applied research through grants-in-aid to colleges and laboratories.
6. Developing codes and standards and by co-operating with other organizations in development of standards.
7. Encouraging fellowship among engineers and industry leaders.

Benefits of ASHRAE

Become Well Read
ASHRAE members receive the following as part of their membership:

- **ASHRAE Handbook** – this reference manual is the most widely cited reference for HVAC&R technology in the world. Each year one of the four volume Handbooks is updated and delivered to members to add to their library and knowledge base.
- **ASHRAE Journal** – a monthly magazine that brings current trends and information to your desk in your choice of print or digital format.
- **ASHRAE E-newsletters** – delivered to your desk in print and digital form, these publications help you keep on top of what is going on in the Society and the industry, all over the world!
- **Discounts** on ASHRAE publications – ASHRAE members earn 15% off publications through www.ashrae.org/bookstore. More than 300 titles are available including the ASHRAE Standards.

Become the Office Expert
Another popular saying is: “You learn something new every day.” ASHRAE members are lifelong learners. Here are some ways you can expand your knowledge base:

- **ASHRAE Certification** – earn your certification and put the letters behind your name that show that you have the knowledge you need to succeed in the industry.
- **ASHRAE Learning Institute Courses** – earn your PDHs online or at the ASHRAE Winter and Annual Conferences. Courses are offered all year long, giving you many opportunities to learn and grow.

Be the Person You Want To Be
Networking at ASHRAE events and volunteerism in the Society are essential to your success:

- **Chapter Meetings** – each month, ASHRAE chapters convene for an informational program featuring a speaker or topic that is key to professionals in the industry. Meet with your peers and share ideas!
- **ASHRAE Committees** – Committee members get a chance to participate and lead a group toward a common goal. The skills learned and used through committee work are valuable and useful back on the job.

MANUFACTURER'S REPRESENTATIVE WITH LOCAL PARTS AND SERVICE
Carroll Air Systems, Inc.

**MANUFACTURERS REPRESENTED**

**PARTS AND SERVICE DEPOT/DISTRIBUTOR**

**FOR ALL PRODUCTS MARKETED**

**ADDITIONS**

- 100% Outside Air (Air Cooled) Package Rooftop and Split System Air Conditioning Equipment
  - (900-5,000 CFM)
  - Air Handling and Reversal Cycle (Heat Pump) Units (5-20 Ton)
  - Package Indoor Air Cooled Air Conditioning Units (3-21 Tons)
  - Package Rooftop Air Conditioning and Reverse Cycle (Heat Pump) Units (3-45 Tons)
  - Package Indoor Air Cooled Self Contained Direct Expansion Air Conditioning Units - Horizontal (7-10 Tons) and Vertical (3-25 Tons)

**ANDEREYE**

- Heat Recovery and Custom Heat Recovery Equipment

**BRASCH MANUFACTURING COMPANY**

- Electric Heat Trimmers and Unit Heaters

**DAIKIN NORTH AMERICA LLC**

- VRV-MX Multi-FCU Air Cooled Heat Pump Systems
  - Air Cooled Heat Pump Condensing Unit (6-34 Ton)
  - Up to 64 Fan Coil Units on Air Cooled Heat Pump Unit Refrigeration System

- VRV IV Multi-FCU Air Cooled Heat Recovery Systems
  - Air Cooled Heat Pump Condensing Unit (6-38 Ton)
  - Up to 64 Fan Coil Units on Air Cooled Heat Pump Unit Refrigeration System

- VRV-WTH Multi-RCU Water Cooled Systems
  - Water Cooled Heat Pump Condensing Unit (6-31 Ton)
  - Up to 64 Fan Coil Units on Water Cooled Heat Pump Unit Refrigeration System

- Single FCU Split / Quasi-Hot Heat Pump System
  - Heat Pump Condensing Unit (3/4-1.5 Ton)
  - SEER 13.0 SEER / High Efficiency (16.0 SEER)

- Single FCU / Air Heat Pump System
  - Heat Pump Condensing Unit (1.5-3.5 Ton)
  - Efficiency 13.0 SEER

**DAIKIN NORTH AMERICA LLC (CON’T)**

- Multi-FCU Split Heat Pump Systems
  - Heat Pump Condensing Unit (3/4-2.5 Ton)
  - Outdoor Unit Condensing Unit (2.5-3.0 Ton)
  - Connection Application

- Split System
  - DX 3-10 Ton 3-Phase
  - DCD 3-30 Tons 3-Phase Cooling Only
  - DCH 3-30 Tons 3-Phase Heat Pump

**DAIKIN APPLIANCE**

- Air Cooled Condensers and Condensing Units (30-135 Tons) Utilizing R-410a
- Air Cooled Scroll Chillers (30-240 Tons) Utilizing HFC-410a
- Air Cooled Screw Chillers (160-330 Tons) Utilizing HCFC-410a
- Air Cooled Screw Chillers (160-330 Tons) Utilizing HCFC-410a
- Water Cooled Legacy Centrifugal Water Chillers (150-2,500 Tons) Utilizing HCFC-134a
- Water Cooled Chilled Water Centrifugal Compressor Chillers (150-1,500 Tons) Utilizing HFC-134a
- Water Cooled Scroll Chillers (160-800 Tons) Utilizing HFC-410a
- Water Cooled Centrifugal Chilled Water Chillers (150-3,000 Tons) Utilizing HFC-134a
- Water Cooled Scroll Chillers (160-800 Tons) Utilizing HFC-410a
- Water Cooled Centrifugal Chilled Water Chillers (150-3,000 Tons) Utilizing HFC-134a

**EVAPREX**

- High Efficiency Ductless Geothermal Heat Pumps

**FASCO**

- Electric Heat Trimmers and Unit Heaters

**FARGO**

- Commercial Storage Systems
  - Food and Beverage Units
  - Laboratory Refrigeration Systems

**GIA**

- Fan Powered VAV & Constant Air Volume Terminal Systems
  - Variable Air Volume & Constant Air Volume Systems
  - Variable Air Volume Systems
  - Blower Coil Units with Hot Water and Electric Heating Coils
  - Vertical and Horizontal Direct Drive Fan Coil Units
  - Vertical Stacked Fan Coil Units

**HVAC TECH**

- High Efficiency Ductless Heat Pumps

**INFILTRA**

- Flexible Ducts and Insulation

**LOGO**

- Custom Air Handling Units

**MACCO**

- Terminal and Sensible Energy Recovery Equipment with DDC Controls

**SYSTECON**

- Combined Heat and Power Solutions
  - DDC Factory Packaged Controls, Wire to Water Control Efficiencies

**THE COOLING TOWER COMPANY**

- Counterflow Induced Draft Cooling Towers
  - Stainless Steel Construction
  - Fiberglass Cooling Towers

**VMT**

- Vertical Light Systems

**VIBRATION MOUNTING AND CONTROL**

- Solutions: Duct, Hanging and Neoprene Pad

STROBIC AIR CORPORATION
www.strobicair.com
Fluid Flow Products, Inc.

- Micro Filtration - polymeric cartridge and porous metal designs
- Filtration Systems - chromatography, depth filtration, micro-filtration, reverse osmosis and ultra-filtration separation technologies; single use, backwash, blowback and regenerable filtration systems
- Low Pressure Desiccant Dehumidifier Equipment
- Precision engineered compressed air purification equipment

- Level Instruments - switches, transmitters and controllers utilizing radar, magnetostriuctive, RF capacitance, thermal dispersion, ultrasonic, vibrating and mechanical technologies
- Volume Mapping Instruments - acoustic 3D volume mapping technology for bulk solids
- Flow Instruments – switches and transmitters utilizing thermal dispersion and mechanical technologies

- Magnetic Level Gages - single and dual chamber indicators
- Level Instruments - level gage integrated switches and transmitters; guided wave radar, magnetostriuctive and reed switch transmitter technologies

- High Purity Valves - and components including mixed proof, control, tank drain and relief valves

- Ball Valves - two way, multi-port, manifold and instrument isolation designs
- Automation Solutions - pneumatic and electric actuation

- Precision Regulators - industrial and high purity designs
- Control Valves - globe style, rotary and all-PFTE construction
- Regulators - self-contained and pilot-operated pressure reducing and back pressure relief valves; industrial and hygienic designs
- Regulators - high capacity, self-contained and pilot-operated pressure reducing and back pressure relief valves; industrial and hi-purity designs

- Vapor Control Systems - tank blanketing and pilot-operated vent valves; conservation vents and flame arrestors

- Level Gages - tubular, flat glass and magnetic level indicators
- Level Instruments - boiler level trim; level gage integrated switches and transmitters; magnetostriuctive and reed switch transmitter technologies
- Sight Glass Indicators - liquid and gas designs
- Jet Pumps - eductor designed for heating, mixing and pumping liquids and gases; solids transport

- Flow Instruments - precision turbine meters, positive displacement and ultrasonic flowmeters; batch controllers, flow computers and data loggers
- Pressure Instruments - Barton differential pressure indicators and switches
- Smart Transmitters - pressure, dp, temperature and flow
Fluid Flow Products, Inc.

- Analyzers - liquid analytical process instrumentation
- pH/ORP electrodes - rugged Pfaudler Glasteel construction designed for demanding applications
- Diaphragm Valves - manual and automated; hygienic and industrial
- Analyzers - ultra hi capacitance, alumina oxide probes, both portable and fixed type instruments
- Heating Equipment - tubular and finned; immersion and convection heaters
- Tubing and Connectors - high-performance polymer based designs
- J/P Transducers
- Precision air regulators
- Volume boosters
- Boiler Level Trim
- API Couplers - advanced ergonomic design
- Loading Arms - featuring Velvet Touch technology
- Gauges - pressure and temperature
- Diaphragm Seals
- Pressure Transducers & Transmitters
- Pressure Gauges - hi-metal temperature gauges and thermometers
- Precision Switches - pressure and temperature featuring “Dual-Snap”
- Flow Instruments - inline and insert vortex and turbine; positive displacement meters
- Flow Instruments - inline and insert vortex and turbine meters; flow computers and energy management meters
- Flow Measurement - primar flow measurement devices including orifice plates/flanges, flow nozzles, venturis, flow tubes and metering runs
- Rotameters - high accuracy, acrylic and glass type
- Panel and Field Meters - LCD and LED indicators, alarms and annunciators
- PD Controllers
- Switches, indicators, transmitters, gauges and valves
